Parent Information (to be completed by parent)

The Association relies heavily on its time keepers to deliver the hockey program. As a result there is a lot of responsibility placed upon these young people. As a new time keeper they will be assigned mostly hockey games for the Novice and Atom divisions which may mean many early morning games on the weekends. There may also pressure placed upon the young officials by other parents and coaches, although we do our best to support the young timekeepers and discourage such behavior.

Before forwarding your child's application to become a time keeper we ask that you have a discussion with them to ensure they fully understand the commitment, and the expectation they complete the entire season..
